👨‍💼 SUMMARY

Motivated Web Developer with hands-on experience building responsive, user-friendly websites using React.js and Django. Skilled in both frontend and backend development with a strong focus on clean code and practical problem-solving. Currently seeking entry-level roles or internships to grow and contribute to real-world tech solutions.

💻 TECHNICAL SKILLS

- **Languages**: Python, JavaScript, C, C++
- **Frontend**: HTML, CSS, React.js, Bootstrap, Tailwind CSS
- **Backend & APIs** : Django, REST API, Supabase
- **Tools & Platforms**: Power BI, Slack API, Git, GitHub, VS Code, PyCharm, Jupyter Notebook
- **Libraries & Frameworks** : Tesseract.js
- **Databases** : SQL, PostgreSQL

💼 EXPERIENCE

Software Development Intern – Team DNote   **July 2025 – August 2025**

- Developed and maintained scalable web applications using React.js and Tesseract.js, streamlining data extraction and processing workflows.
- Integrated Supabase for backend services and real-time database management, enabling efficient data storage and retrieval.
- Implemented Slack API integrations to automate notifications and enhance team collaboration.

Web Development Intern – Cognifyz Technologies   **May 2025 – June 2025**

- Developed responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Collaborated with the backend team to integrate RESTful APIs and improve site functionality.
- Conducted UI/UX testing and optimized pages for faster load times and better user experience.
