Work & Experience

FRESHER

Project

BlogBeat — *A Dynamic AI-Powered Blogging Platform*
Tech Stack: Python, Django, JavaScript, HTML/CSS, WebSockets, OpenAI API

Developed a full-stack blogging platform with real-time live chat and voice assistant support.
Implemented user authentication, blog saving (Instagram-style), and content recommendation features.

Added RESTful APIs to support CRUD operations and user interactions.
Focused on responsive design and smooth UX for both desktop and mobile users.
